

4.1.1. The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc

Response:

Total campus area is of 23 acres including built up area of (2444 Sq. Mt.) / (26307.21 Sq. Ft). The college has a central library consisting of 44574 books. Three reading halls are facilitated to girls, boy's student and faculty respectively. The college has one girls' hostel accommodating 15 students. The campus includes 03 ICT enabled classrooms, central library, YCMOU study center, NCC and NSS rooms, ladies common rooms, seminar hall, and a canteen. Infrastructure for sports consists of sports hall and sports ground.

The principal proposes the need for infrastructural improvement in Local Management Committee meetings and budget requirements are evaluated by management. Education for students from rural and hilly area is one of the highlights of vision and mission of the college. In this respect, the college has extended college infrastructure and girls hostel. The increasing number of enrolment requires enhancement in infrastructure. Kakasaheb Chavan College is dedicated to improve teaching-learning process for which three classrooms are equipped with ICT. The college has a new girls' hostel in the college campus. It proves very helpful for girls students from rural area. The college has well equipped library with e-books to promote research. Internet facility is made available by the college for better learning and effective teacher-students interaction. The suggestions made by end user for the improvement of infrastructure. Infrastructure is also improved as per the requirement by different sources like feedback from students on campus facilities, recommendation by different college committees and observation by the management from their visits to college.

The institution has following facilities/equipments for teaching and learning.

The details are as below:

Total campus area: 23 acres
